

Dear Guests,

Before the musical score became synchronized within the physical framework of motion pictures, classical musicians performed in theatres accompanying this intriguing new art form. As early as 1925 they were excited over the prospect of composing for films and bringing classical music, side by side, with popular compositions.

We are excited about bringing this music to you. All of us have at least one motion picture musical as a favorite in our memory. We hope that the program to be presented this year will include a favorite of yours, or, will inspire a new one from the tremendous repertoire of music represented here.

As always, we look forward to seeing each of you. We appreciate your support and continued interest in the Chicago Sinfonietta.

Happy Holidays,
